THE DIGNITY ACTIVITY: AN EXPERIENTIAL WORKSHOP ON STRUCTURAL RACISM

How is structural racism defined and manifested, what are the elements of racial oppression, what are the key practices that interrupt or dismantle structural racism and what is the role of an ally? These and other questions are explored in this powerful simulation and learning lab, facilitated by Dr. Atyia Martin and her team at All, Aces, inc., you will leave this session better informed and with impactful tools to address racism in all its forms.

Participants in three locations will be connected across three Boston neighborhoods as a first of its kind effort to bridge racial, class and communication gaps to begin deep work on addressing structural racism within our communities.
